

About Assistance Technical Service Request (ATS)

Type: User Documentation 20-Sep-2023 | Siri Benedicte Dahle

Coordinate multiple suppliers and delivery on site with the Assistance Technical Service Request (ATS) module. Keep track of the process and get an overview of the scope, rotation plan, personnel Call-Offs , resources , site information and more.

ATS has built-in Workflow-based distribution with electronic distribution and signatures.

Live, uniform and transparent status easily available for the project organisation.
