Fixes

ID	Feature	Description
160212	3rd-Party Verification	Fixed documents count per contract for verifiers.
156779	Approval	Fixed an issue that resulted in notifying only one approval participant per action type in parallel approval process.
160746	Approval	Fixed an issue that resulted in users not seeing error message if error occurs while accepting/rejecting.
159822	Batch Import	Fixed an issue that resulted in verification errors not being displayed when current and actual domains do not match.
158500	Contracts Setup	Fixed an issue that resulted in users not being able to share contract's document if the selected revision no longer matches any revision in document profile
163186	Correspondence	Fixed an issue that resulted in filter inconsistencies when combining multiple predefined filters.
163305	Correspondence	Fixed an issue that resulted in invalid links to correspondence in Thread tab.
159665	Distribution Matrix	Fixed an issue that caused distinct filter to not appear on receivers columns.
159669	Distribution Matrix	Fixed an issue that caused review class legend overlap the menu button.
163173	Documents Handover	Fixed an issue that caused revisions files not being copied when handing over documents from Project to Operations.
154506	Documents Register / Profile	Fixed an issue that allowed users to create new non-project revision in Site Modification domains.
159956	General	Fixed an issue that resulted in discrepancies between lists of multi-filters.
159135	Interface Documents	Fixed an issue that prevented users from downloading approved documents.
163083	Redlining	Fixed an issue that caused emails not being linked to the redlining iterations when assigning Approver for multiple iterations at once.
159836	Review	Fixed an issue that resulted in users not being able to see just added new reviewer in "Edit Review" dialog.
160747	Review	Fixed an issue that resulted in displaying Revision item number instead of Revision number in email notifying about reverted review response replies.
163465	Review	Fixed an issue that prevented Comments Responsible from editing response comments.
159648	Transmittals	Fixed an issue that prevented users from creating new transmittals in cases when contract has multiple originator codes.
